

Wet Felt Christmas Stocking

[Watch the video on our website](#)

[Watch it on youtube](#)

Supplies:

- [MC-1 Felting Batts](#)
- [Merino Short Fiber Batts](#)
- [Olive Oil Soap](#)
- [Mesh](#)
- [Resist](#)
- [Super Bubble](#)

Grab a kit or a bundle for a quick start:

[Wet felting slippers & booties kit](#)

-- make them for your feet or stockings for your mantel!

[Wet felting tools bundle](#)

*our template measured

23.5"H (from toe to top of unfolded cuff + margin, leave extra resist on top)

5.5 - 6" W on average...ours was slightly wider at the top

We used 2.3 oz of wool in total for the stocking.

[MC-1 Cotton](#), [MC-1 Charcoal](#), Short Fiber Merino in [White](#), [Slate](#), [Mist](#) and [Glacier](#)

After felting your piece, rinse and soak for 15min in water with a splash of vinegar.

This helps cut the soap and restore the fiber to its naturally acidic state.

*In the next episode, we will add a hanger and needle felt a design onto our stocking.
